

Safeguarding children

PHOTOGRAPH POLICY

Policy Statement

To enable us to keep a visual record of the curriculum activities in action in the Kindergarten, we take photographs of the children engaged in activities. These photographs are displayed for Parents/Carers to enjoy and are kept at the Kindergarten as a record for observations records and for our Ofsted inspections.

Kingfisher Kindergarten will attach photos of your child to their report showing such things as balancing, hopping, using the scissors and correct pencil grip etc. This will enable the infant school they will be attending to have evidence of their capabilities.

If you do not wish your child to be photographed, please speak to Anita Pearce, Cara Bennett, or Lesley King and we will ensure that your wishes are respected.

The Photography Contract should be signed,

EYFS key themes and commitments

A Unique Child	Positive Relation- ships	Enabling Environ- ments	Learning and Develop- ment
----------------------	--------------------------------	-------------------------------	-------------------------------------

1.2 Inclusive practice	2.1 – Respecting each other	3.2 Supporting every child	4.4 P ersonal, social and emotional development
